***Eos* Now Accepting Reservations for its  
Daily Roundtrip Service between New York and London**

*One-Class, Premium Airline Offers Guests Unique Travel Experience  
that Combines Superior Service with Unparalleled Cabin Space*

**PURCHASE, NY, September 22, 2005** – *Eos*, the first airline focused since inception exclusively on the transatlantic business traveler, today announced that it is currently accepting reservations for its daily roundtrip service between New York John F. Kennedy International Airport (JFK) and London Stansted (STN), with its inaugural flight slated for November 1. Eastbound flights will depart New York JFK at 7:05 p.m. and arrive London Stansted at 7:30 a.m.; westbound flights will depart London Stansted at 10:30 a.m. and arrive New York JFK at 1:29 p.m.

*Eos* today also announced pricing for its premium service, with a basic unrestricted round trip price of \$6,500. For a limited time, *Eos* is offering a special introductory price of \$5,000 round trip. Tickets and additional details are now available online at [www.eosairlines.com](http://www.eosairlines.com).

The centerpiece of the *Eos* experience is embodied in the cabin configuration, innovative seat design and service attitude. The patented design, flexible configuration and staggered seating provide choices never before seen on commercial aircraft.

-- more --

The *Eos* cabin blends the exclusive feel of a top-tier international first class cabin with the privacy of a corporate jet. The *Eos* suite is designed to enhance the guest experience – whether they're working or relaxing. Each suite offers an unprecedented 21 square feet of personal space. For every guest a second seat is provided, allowing travelers to comfortably meet, work or dine together. Recognizing a traveler's need to arrive refreshed and revived, the *Eos* seat fully reclines into a private, 78-inch, flat bed and is accented with a cashmere blanket and Tempur-Pedic® pillow. In addition, each suite located adjacent to a window has direct floor-level access to the aisle for exceptional comfort and convenience.

*Eos* has paid particular attention to the details – no matter how big or small – from meals and snacks on demand, to accessible light and laptop outlets and generous carry-on capacity, to dedicated spare aircraft to ensure reliability for its guests.

The *Eos* vision is embodied in its philosophy of hiring team members who have the passion and energy to deliver an exceptional travel experience. *Eos* searched across a variety of consumer service oriented businesses as well as the airline industry for a specific service attitude in selecting its people. *Eos* has developed and provided customized service training on par with some of the finest luxury hotels in the world.

“*Eos* has focused from its inception on meeting the needs of discerning business travelers,” said David Spurlock, founder and chief executive officer of *Eos*. “By combining sophisticated service, unparalleled comfort, and a distinct human touch, *Eos* takes stress and hassle out of flying and enables business travelers to make the best use of their flying time – to prepare for a meeting, work on a presentation, or simply relax and revive for what awaits them at their destination.”

### **JFK/Stansted Route Offers Exceptional Convenience for Business Travelers**

*Eos* will fly from New York JFK's Terminal 4, which recently underwent a \$1.4 billion renovation to offer enhanced passenger facilities, consolidated ticketing and baggage operations, improved duty free and retail offerings and upgraded restaurants. JFK is conveniently located fifteen miles by highway from midtown Manhattan.

In the UK, *Eos* will fly from London Stansted, the fastest-growing major airport in Europe. Stansted's state-of-the-art, glass and steel terminal, designed by Sir Norman Foster, provides convenient check-in facilities and an array of retail shops, restaurants and bars. Operated by BAA, the world's leading airport company, Stansted is situated within easy reach of London's Canary Wharf business district and is approximately 36 miles from downtown London – a convenient, 45-minute trip via the Stansted Express rail service.

Beginning January 3, 2006, *Eos* will also offer a second daily flight between New York and London, departing New York JFK at 9:15 p.m., arriving London Stansted at 9:40 a.m.; and departing London Stansted at 4:15 p.m., arriving New York JFK at 7:14 p.m.

### **About *Eos***

Founded in March 2003, *Eos* is a privately held airline focused since inception exclusively on the transatlantic business traveler. *Eos* brings an innovative approach to the travel industry, transforming the traditional flight environment into a premium, tailored space that provides personalized attention for just 48 travelers. *Eos* has recently received its certification from the Federal Aviation Administration (FAA) and authority to begin accepting reservations from the U.S. Transportation Department (DOT). For more information, please visit <http://www.eosairlines.com>.

Company regulatory filings with the Federal Aviation Administration and U.S. Department of Transportation are available online at <http://dms.dot.gov/search/searchFormSimple.cfm>. The *Eos* docket number is 19617.
